Dear Dr. Lederberg:

I enjoyed talking with you yesterday afternoon and appreciate your suggestions.

I have not yet had an opportunity to check with the administration here about following through with your suggestion to contact Senator Harris's office. It may not be possible as AEC and NIH sometimes raise cane when this is done.

As soon as I know the date in September that the group is going to meet in New York, I will let you know, hoping that somehow, available time for you will materialize.

I am enclosing a copy of a manuscript I discussed with you. Thanks again. With best regards.

Sincerely,

Stanfield Rogers
